NO MORE POLYGAMY.

Mormons in General Conference, Conclude to Obey the Laws of the Land.

SALT LAKE, Oct. 6.—At the General Conference of the Church of Jesus Christ of Latter Day Saints the official declaration of President Woodruff forbidding in future any marriage in violation of the laws of the land was read and the congregation numbering nearly 10,000 persons (including Apostles, and Bishops and leading elders of the church) by a unanimous vote recognized the authority of the President to issue such a manifesto, and accepted it as authoritative and binding.

George Q. Cannon publicly announced his endorsement of the manifesto and his recognition of the supremacy of laws that have been declared constitutional by the Supreme Court of the United States.

The Conference also rededicated its original articles of faith among which is this: "We believe in being subject to Kings, Presidents, Rulers, and Magistrates, in obeying, honoring and sustaining the law."

The action taken settles a vexed question and places an effectual bar against future polygamous marriages in Utah. It is the most important step taken by the Church for more than a quarter of a century.

MILLIONAIRES IN THE SENATE.

A list of millionaires in the Senate, recently compiled, presents the following figures:

Barber (Va.), Democrat	\$1,000,000
Brown (Ga.), Democrat	3,500,000
Cameron (Pa.), Republican	3,000,000
Farwell (Ill.), Republican	2,000,000
Hale (Me.), Republican	2,000,000
Hearst (Cal.), Democrat	10,000,000
Jones (Nev.), Republican	10,000,000
McMillan (Mich.), Republican	10,000,000
Payne (Ohio), Democrat	5,000,000
Sawyer (Wis.), Republican	3,000,000
Sherman (Ohio), Republican	2,000,000
Squire (Wash.), Republican	5,000,000
Stanford (Cal.), Republican	30,000,000
Stewart (Nev.), Republican	1,000,000
Stockbridge (Mich.), Repub.	1,000,000
Brice (N. Y.), Democrat	6,500,000

A Perilous Joke.

Mr. Sumner, of the town of Victor, Kansas, will probably die from the effect of a perilous practical joke. He had been warned by several letters to cease his attentions to a Miss Lillian Gregg, but he did not heed them. Some of the young men in the neighborhood to still further carry out the joke waylaid him one night, and his neck and started the horse as usual from under him. It was arranged that he should land on his feet, but his knees went under him, and he had to be cut down, frightened into idleness.

A Noble Robber.

A trial that is exciting great interest in Court circles is that of Baron Naldi charged with forgery and the embezzlement of 2,000,000 roubles.

The wife of the Baron implored the Czarina to secure a pardon for her husband, but the Czar is inflexible.

It is expected that 500 witnesses will be called.

Desires Naldi, a number of persons prominent in aristocratic circles are implicated in the forgeries.

The supply of American singers seems to be inexhaustible. The Parisians have scarcely ceased wondering at the surprising voice of Sybil Sanderson before another American girl takes them by storm. This time it is Miss Sedoh Rhodes, the daughter of a former New York journalist, whose soprano is said to have a more phenomenal range than that of Miss Sanderson. From all appearances it will not be long before Europe is as dependent upon us for good singers as for food products. We seem to produce both with equal facility.

The entire country, eastern and foreign edition of the Sunday, San Francisco Examiner was again stopped at the postoffice Sunday morning by order of Postmaster Baekus, because it contained the list of the drawings of a small lottery. This mail was stopped in accordance with the provisions of the new lottery law recently passed by Congress. The edition had to be reprinted without the lottery article in it before it would be allowed to pass through the San Francisco postoffice.

The question for the American workman to consider is not the price of the dinner bucket, but what he can get to put in it. A cheap dinner bucket with nothing in it does not begin to size up with the slightly dearer dinner pail filled with mince pie and other nice things.

Senator Stanford, who sailed on the Teutonia from Liverpool, and there is no truth in the report that he intended to withdraw his capital from the Southern Pacific and combine with the Vanderbilt and build a competing road.

Official statements will shortly be made proving that there is no famine in Ireland and no chance of any. These will come from the hands of the Ministry, who hold themselves responsible for their accuracy.

Lander Republican Ticket.

The Republican Convention of Lander county, which met at Austin Thursday last, made the following nominations: State Senator, J. R. Williamson; Assemblymen, C. A. Richards, Wm. Clifford and T. H. George; Sheriff, Wm. Easton; Treasurer, Thomas Dalton; County Commissioners, Long, term, Leopold Steiner; short term, John Bicknell.

HORRORS IN DAHOMEY.

Shocking Things Dr. Bayol Saw—Fleeting Amazons.

A letter from Paris, giving details of the adventures of Dr. Bayol, the governor of Kotonou, who was imprisoned by the king of Dahomey, appears in the Vossische Zeitung. Dr. Bayol himself was not ill treated, but was forced to witness the most horrible executions, and was closely watched night and day by three of the most important chiefs. He was forced to be present at the execution of his secretary and his interpreter, and was a spectator of the sacrifice at one time of eighty-four human beings, and at another of forty-two. The victims were bound, mutilated in a horrible manner, and then, still alive, hung up by the heels. Then their bodies were opened with large round knives and the intestines taken out, after which the corpses were thrown into a "place of skulls," where in forty-eight hours they were reduced by birds of prey to skeletons.

Dr. Bayol was every time compelled to view each corpse, while the executioners carefully turned the heads of their victims toward him. Upon one occasion he desired to buy off some negroes, whom he recognized as proteges from Porto Novo, but the king angrily refused to allow it. Every day his dusky majesty danced before the doctor, executing steps and jumps which would have been highly entertaining under other circumstances. At these times the king wore sandals and a sort of Grecian cap on his head, and six Amazons danced with him.

The Amazons Dr. Bayol describes as very fiends. One day the doctor witnessed a spectacle which he will never forget. At a sign from the king 500 Amazons rushed upon a living ox and tore it into pieces in a few seconds; then each, with a piece of raw flesh in her mouth, marched off singing, while five of their number held the skin and head of their victim aloft in triumph.

In festival garments they witnessed from the roofs of the neighboring huts the human sacrifices of the next day and laughed heartily. They always appear perfectly resigned and go quietly to death when their turn comes. The king is very suspicious, and would not sign the letter written to the president of the French republic. Dr. Bayol's return to the coast was extremely dangerous, for he had no passport and was therefore obliged, in spite of illness, to march more than fifty miles in one day through country with which he was quite unacquainted. On arriving at Kotonou he heard of the death of the king, whom he had been still at Dahomey, he would have probably been accused of poisoning.

Wicked Trick on a Trout Fisher.

J. H. Blethen and Alfred Stetson, of Linnous, went on a trouting expedition to look after some bear traps. While they were gone Dr. Boyd happened along, and recognizing the team proceeded to purloin the trout. He took them to Mr. Blethen's house, told Mrs. Blethen how he came by them, and requested her to say nothing, but to cook them the next day and surprise her husband; meantime she would probably hear a pretty good fish story, he predicted. When Mr. Blethen arrived home his story, in reply to his wife's inquiries as to his luck, was fully up to the expectation of the plotters. He said they had caught forty-eight trout, and most of them were of monstrous size, in fact the finest string he ever saw, but some evil minded person had stolen them from the team while they were absent, and so on. When his wife produced eleven fried little fishes for dinner the next day and told him that there were his forty-eight monsters the fisherman smiled like a morning glory in a moonday sun.—Houlton (Me.) Pioneer.

Senior Keeps on Writing.

My mother often went to Bowood, and used to tell a good story against our old friend, Mr. Nassau Senior. Once when she was there with the Seniors and a large party Tommy Moore, who lived near and was a frequent visitor, was prevailed upon to sing. All prepared to listen to the charming performance save Mr. Senior, who sat down at a small writing table and began to write with a quill upon Lord Lansdowne's very ribbed paper. He was compiling a paper on statistics, or something of that sort. Moore began, but his singing was rendered impossible by the persistent scratch, scratch, and he turned round to see who caused the odious noise. Mr. Senior looked up and said innocently, "Oh, you don't disturb me, I assure you; pray go on, I rather like it." This caused an outburst of laughter absolutely puzzling to the unconscious statistician.—Mrs. Ross in Murray's Magazine.

The Land of Ducks.

There are more ducks in the Chinese empire than in all the world outside of it. They are kept by the Celestials on every farm, on the private roads, on the public roads, on the streets of cities and on all the lakes, ponds, rivers, streams and brooks in the country. Every Chinese boat also contains a batch of them. There are innumerable hatching establishments all through the empire, many of which are said to turn out about fifty thousand young ducks every year. Salted and smoked duck and ducks' eggs constitute two of the most common and important articles of diet in China.—Exchange.

Critical Periods in Life.

There are two periods of life in which the powers of resistance to adverse influences are excessively weak. In infancy, from birth to 5 years of age, but especially in the first year of existence, the power of life is very feeble, and this is the reason that so many infants die suddenly in convulsions. Again, after the age of 65 is passed the vital tenacity is lowered, the substance of the heart and of the muscles in general becomes fatty, and there is imminent liability to sudden failure of the heart's action.—Chatter.

Danger in Cramps.

Even good swimmers should beware of cramps. I never had but one attack of cramps in swimming, and that was in a match. I was three-quarters of a mile ahead of my antagonist when I felt a cramp in my leg. It caused a swelling in the calf as big as a baseball. With my other leg I tried to do the tread water act, and raising my right leg up I bent over and began to rub with all my might and main. Well, I sank five feet while I was rubbing, but I soon got rid of the cramp. If a pain should come in the stomach there is only one remedy, and that is to get out of the water as soon as possible, take a little brandy or whiskey and rub all over the body. As to the use of whiskey as a stimulant while in the water I most decidedly advise against it. In my great swimming matches I have tried the effect of whiskey as a stimulant. One good drink braced me up, so to speak, for seven or ten minutes, and after that period I felt decidedly worse. Use no stimulants except after coming from the water, and solely for the purpose of creating a reaction.—Gus Sundstrom in New York Mail and Express.

Take in Reels Before You Sail.

And now a few words of caution, and you need not be ashamed to heed them, for old yachtsmen do just what I am about to advise you to do. It is only the foolhardy greenhorn sailor who "takes chances" with a yacht. In squally weather never fasten the sheets, and reef before you start, and if the wind is very strong take two reefs. It is easy to "shake them out," but hard to put them in so reef before you cast off. Never take ladies and children with you in bad weather, and generally, if you are taking out a party of that kind, keep your boat under reefed canvas. Then if emergency arises your sacred trust is safe; for remember that a capsize with ladies and children means almost certain death to some, perhaps to all. It is wise also to have a small rowboat in tow on such occasions, for it is worth more than a hundred life preservers.—F. W. Pangborn in St. Nicholas.

Eggs as Security.

The Fifth National Bank of Providence, R. I., lent \$5,000 to a produce dealer named Alersson, taking as security 332 cases of eggs stored with a warehouse company. Alersson used the eggs from time to time, but replaced those taken by other eggs, so that there were always 332 cases in the warehouse. Finally he failed, paying six cents on the dollar, and the bank looked for its security, the eggs. When the bank finally sent for the eggs they were worthless, and the board of health ordered them buried, which was done. Now the bank sues the warehouse company in the supreme court for \$5,000, claiming that they agreed to keep the eggs safe, and the company claims that it kept the eggs safe, not a prevaricator, but a plain fact.

A Gigantic Theatre.

An architect of Rome has prepared plans for a theatre which he estimates will cost twelve million francs. As it is considered of little use to have it erected in Rome it has been proposed that it should be built in Chicago for the World's Fair. The enormous structure would certainly be an attraction, for it is said to be able to contain 50,000 persons and seat 30,000 comfortably. It will have 8 tiers of boxes, 280 altogether, 180 dressing rooms for the artists, a stage of 195 feet wide and 283 feet deep, and a drive from the ground to the roof, whereby carriages can be got on to the top and drawn among the fountains and plants there displayed.—New York Ledger.

A Bogus Veteran.

George Watson has been arrested at East Milton, Mass., charged with drawing a pension in his own name and also in the names of Joseph Smith, Henry Rogers, Frederick Baggett and Charles Andrews, all deceased veterans of the Mexican war. He might have continued drawing these pensions, to none of which he had any right, had he not also applied for a pension in the name of James Johnson, who happened to be already drawing a pension in New York. Watson made the mistake of proceeding on the theory that the government is valuable to a person only to the extent that he can beat it.—Exchange.

Artificial Versus Natural Ice.

The city of Washington is supplied with ice in part by two artificial ice factories, which are delivering it at last year's figures. This is rough on the other dealers, who have to procure their supplies from Maine at prices double those of last season. The factories turn out about eighty tons per day, and can make a profit at twenty-five cents per hundred weight. It is regarded by consumers as more economical than natural ice, because it is made into blocks of various shapes to fit the ordinary sizes of refrigerators.—Hartford Times.

A Rapid Boat.

The little torpedo boat Cushing is still here, and daily astonishes the people by skimming up and down the Potomac at the rate of thirty miles an hour. Her officers have all become amphibious, as she kicks up such a spray when she is racing that nothing is dry above her hatchways, and the officers and men live as much in the water as out of it.—Washington Cor. Boston Transcript.

A Good Start.

Merrill—How is the new university in your city coming out?
Wooley—Oh, splendidly. The baseball and football grounds are laid out, the bath house built, and we've secured seven athletic instructors. We're going to hire a man to teach Latin and history and all that, and I expect we'll open with a large class next fall.—West Shore.

Picnic Joy.

Col. Yerger—Well, how did you like the picnic?
Gilholly—I was so glad to get home again that I was glad I went.—Texas Sittings.

ROYAL BAKING POWDER.

BREVITIES

For window glass, all sizes, go to Lange & Schmitt.

The weather clerk seems to be getting ready for another storm.

J. F. Alexander, Chairman of the County Central Committee, is in town.

The Mormons in general conference at Salt Lake have decided to renounce polygamy and obey the laws of the land.

Nato Roff, Secretary of the Washoe County Central Committee, was in town yesterday attending the Convention.

Go to Lange & Schmitt for heating stoves, cook stoves, ranges and house furnishing goods. Largest variety and best values.

The funeral of the late O. C. Lovett (Smoky) will take place from the residence of O. C. Chase this afternoon at 2 o'clock.

Marriages are becoming alarmingly frequent on the Coast. The formula simply elphers down to, "Are you there," and "Let her go."

It is quite refreshing to residents of the valleys to be told that the snow-banks near Webber and Independence lakes hang around yet to the depth of forty feet.

The stubble fields in Sierra valley are getting green and the meadows are from six to ten inches deep in green grass. Feed was never so plentiful before in the Fall in that valley.

The ruling price for hay in the stack is from \$5 to \$5.50. While the price offered is not as large as the farmers would like to see it, nearly all of the hay cut in this valley will be disposed of. A greater portion of it has already been sold, so that the amount carried over will not be as large as expected.

Seattle had a heavy wind storm Monday. Several vessels on the harbor were injured and roofs were blown off of buildings about town. In North Seattle, H. E. Johnson, a back-driver, drove his team over a line of electric cable which had been knocked down from the electric railway poles by a flying awning, and both horses were instantly killed.

Notice.

A representative of the National Surgical Institute intends to visit the Gollon Eagle Hotel, Reno, October 31st and 22d, and the Ormsby House, Carson City, October 23d. This institute is specially devoted to the treatment of curvature of the spine, diseases of the hip and knee joints, crooked limbs, club feet and all bodily deformities. Their success in treating these troubles as well as all chronic diseases has made for the institute an established reputation. All persons who are suffering from any of the complaints should not fail to take advantage of this opportunity for relief.

Reference may be had of the following residents: W. Sanders, Reno, Nev.; A. H. Barnes, Golden Eagle Hotel, Reno; B. F. Bobo, Reno; A. J. Smith, Reno; Mrs. Julia McQuarrie, Carson City.

Advice to Mothers.

Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so send at once and get a bottle of Mrs. Winslow's Soothing Syrup for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhoea, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs. Winslow's Soothing Syrup for Children Teething is pleasant to the taste and is the prescription of one of the oldest and best female nurses and physicians in the United States, and is for sale by all drug stores throughout the world. Price 25 cents a bottle.

Death of John Breuner.

John Breuner, one of the oldest and wisest known business men in Sacramento, died last Sunday night after a lingering illness. Deceased was a native of Germany, and aged 61 years. He was known as one of the most prudent and successful merchants in Sacramento, and had built up a large business in the furniture line. Since his illness the business has been conducted by his sons, and will doubtless be continued by them. Mr. Breuner was well known in Nevada, having for several years past had beautiful furniture from his Sacramento store on exhibition at the State Fair here.

Eureka Republican Ticket.

The Eureka county Republicans have placed the following ticket in the field: State Senator, A. T. Starnes; Assemblymen, G. A. Fletcher, A. L. McKay and Charles Trembley; Sheriff, L. A. Dunkle; Assessor, C. O. Wallace; County Clerk, Martin Brown; County Recorder, W. S. Beard; District Attorney and Superintendent of Schools, Benjamin Sanders; Treasurer, P. H. Hjal; Coroner and Public Administrator, Dr. J. H. Reese; Surveyor, Walter S. Long; County Commissioner, short term, Charles Ferris; long term, A. G. Clark.

He Couldn't Stand the Punishment.

A burglar got fast in the window of a house occupied by John Roach of Patterson. John is a moralist, and he dressed himself and sat down on a chair and talked to that burglar for two long hours without a break. Then the burglar asked to be knocked on the head or let go, and Mr. Roach talked to him one hour longer and then suffered him to depart.

REPUBLICAN COUNTY CONVENTION.

Full Report of the Proceedings—A Strong Ticket Nominated—M. D. Foley for State Senator.

Promptly at 10 o'clock the delegates to the Republican County Convention assembled in Armory Hall, and were called to order by Hon. John Alexander, Chairman of the Washoe county Central Committee. A temporary organization was effected, and the following temporary officers elected: Hon. H. L. Fish, Chairman; N. C. Hamersmith, Secretary; Captain C. A. Warner, Assistant Secretary; O. W. Jones, Sergeant-at-Arms, and C. D. Van Duzer, Assistant Sergeant-at-Arms.

H. H. Beck moved that a committee of five be appointed on credentials, and the chair appointed the following: R. C. Leeper, Wm. Donaldson, A. G. Fletcher, H. O. Dauchy and J. E. Southeran. On Permanent Organization: J. F. Emmett, L. D. Folsom, P. Lonkey, E. Crane and J. H. Whited.

On motion a committee of seven were appointed by the Chair on Platform and Resolutions. The Chair then appointed on that Committee J. L. Wines, Hon. H. H. Beck, Geo. Peckham, Dr. G. H. Thoma, J. O. Sessions, J. H. Whited and Dr. J. A. Lewis. The Convention then adjourned until 1 o'clock p. m., pending the report of the Committee.

AFTER-NOON SESSION.

The Convention was called to order by Chairman H. L. Fish at 1:30 o'clock.

The report of the Committee upon Credentials was read and adopted.

The report of the Committee upon Permanent Organization and Order of Business was read and adopted.

The report of the Committee upon Platform and Resolutions was called for and J. L. Wines submitted and read the following report which was adopted:

The Republican party of Washoe county in Convention assembled, renews its pledges of faith in, and allegiance to the doctrines and principles of the Republican party, which in the future, as in the past, will continue to vote for the people, the broadest and most enlightened freedom, consistent with safety to the State, and the perpetuity of our form of Government.

We most heartily endorse the platform adopted by the Republican State Convention at Virginia City, as a manly and conservative declaration of principles suited to the necessities and demands of the people of this State, and strangely in contrast with the bludgeoning and ribaldry of the Democratic indictment which was presented by the Grand Jury of that party, in their recent State Convention.

We recognize in our delegation in Congress, Hon. J. P. Jones, Wm. M. Stewart, and H. E. Barlow, able and efficient public servants, who have been untiring in their efforts to promote the interests of the people of Nevada, as well as those of the whole country; and we desire to accord to them the full measure of praise, which their valuable services so pre-eminently merit. That we commend the wise and conservative administration of President Harrison, who has redeemed the pledges so solemnly made to the people, in the National Republican Platform, and has fully justified the confidence reposed in him, by the suffrages of the American people.

We endorse the action of the Republicans in Congress, in increasing the tariff on wool, so as to encourage the production of staples hitherto imported, which Grever Cleveland, in a special message recommended to be placed on the free list, and in the passage over Democratic votes of a silver bill which has increased the value of the product of our mines more than ten millions of dollars, added seventy-five millions to the value of our wheat crop, one hundred millions to the oat crop, and two hundred millions to the corn crop of the United States.

It is with the most profound sorrow, that the Republicans of Nevada received the news of the death of Hon. C. C. Stevenson, late Governor of this State. We deplore his loss in the councils of the party, where he was ever ready by word and deed to advance the interests in every honorable way; and the whole people of the State have been deprived of the services of an honest and conscientious public servant, his family of a kind, indulgent and affectionate husband and father; and to the bereaved members of his household we extend our most profound and sincere sympathy.

It is the sense of this Convention that the best way to promote and foster the upbuilding of Nevada is to provide and maintain good government, with a system of low taxation, and to this we favor the most rigid economy in every department of the public service, and the enactment of such legislation as will secure to the people of the State the lightest possible burdens, without material injury to the administration of affairs.

We demand that the membership of the Legislature be reduced to forty, their per diem to six dollars per day, and their mileage to actual and necessary traveling expenses in going to and from the State Capital.

We are in favor of the donation of the public lands to the State to be used for a basis of water storage and reclamation; at the same time we call attention to the fact that a large portion of our previous grant is in exhausted, and can be used for those purposes without waiting for additional appropriations.

We are in favor of the use under wise plant and safe management of the large fund lying idle in the State Treasury in a way to quicken it into life and start it through our great valleys, reclaiming one after another, making homes for new citizens, and adding to our taxable property; and we recommend that our Senators and Assemblymen give this matter their careful attention, adopting the system which promises the greatest good to the State, giving it their solid support.

We are in favor of the acquisition, either by the State or county, of the control of the water storage sites of the Truckee basin, so that they may, in time, be made useful to the public, without the possibility of their falling into the hands of private monopolists.

We are opposed to bonding Washoe county for any purpose, until the question is first submitted to the qualified electors of the county or district upon which the bonds are to be issued, for their approval or rejection.

It is the sense of the Republicans of Washoe county that a Constitutional Convention is necessary in order to secure such reforms in the public service as our small population and material resources demand; and we, therefore, most earnestly

urge upon the voters of this county to cast their ballots in favor of such convention at the coming election.

W. H. Joy moved that the nominees be assessed to \$3 each, to pay the expenses of the Convention. Amended to \$5 by Hon. Wm. Thompson; carried.

Nominations for State Senator were declared in order.

As there was no nominations for some time, Mr. Thompson said: "Mr. Chairman, rather than see this office go by default, I will take it myself."

"Mr. Thompson is in nomination," said Chairman Fish.

W. O. H. Martin placed in nomination Hon. M. D. Foley. J. L. Wines seconded the nomination of Mr. Foley, paying a high tribute to his character and ability.

Dr. G. H. Thoma placed in nomination Dr. A. Dawson. Hon. H. H. Beck seconded the nomination of Dr. Dawson in a merited eulogy.

Hon. Wm. Thompson seconded the nomination of Dr. Dawson.

Hon. C. C. Powning addressed the Convention seconding the nomination of Mr. Foley.

Nominations were declared closed and the candidates called upon to endorse the platform.

Mr. Thompson withdrew in favor of Dr. Dawson.

The Chairman appointed A. O. Porter, and Dr. J. A. Lewis tellers and the Convention proceeded to ballot. The result was 54 ballots for M. D. Foley and 41 for Dr. A. Dawson.

On motion of Dr. Dawson the nomination was made unanimous.

Hon. M. D. Foley was then declared the nominee of the Convention for State Senator.

On motion of Mr. Powning a recess of one hour was ordered.

After recess nominations for three Assemblymen were declared in order.

J. L. Wines placed in nomination D. Allen.

Geo. B. Hymers placed in nomination R. C. Leeper.

Gen. C. W. Borton placed in nomination Peter West.

Geo. E. Peckham placed in nomination C. O. Powning.

C. O. Porter placed in nomination A. L. Price, of Washoe.

Dr. G. H. Thoma nominated Rufus Kinney of Glendale.

Hon. H. H. Beck, nominated Hon. Wm. Thompson.

D. C. Wheeler nominated Geo. E. Peckham, of Browns.

C. O. Powning, George E. Peckham and Peter West declared their nominations.

In the ballot Allen received 39 votes, Leeper, 64; Price, 47; Kinney 78 and Thompson, 50.

R. C. Leeper, Rufus Kinney, and Wm. Thompson were declared the nominees of the Convention for Assemblymen.

Long Term Commissioner being in order L. L. Crockett nominated R. W. Parry, and C. W. Borton seconded the nomination.

R. L. Fulton placed in nomination D. W. O'Connor. In the ballot O'Connor received 53 votes against Parry's 43.

D. W. O'Connor was declared the nominee of the Convention for long term Commissioner.

Nominations for short term Commissioners being in order, N. A. Hummel placed in nomination Wm. Pierson, of Wadsworth. Wm. Thompson nominated Jerry Corcoran.

J. E. Southeran nominated Wm. Merrill.

In the ballot Pierson received 63 votes, Corcoran 18 and Merrill 14.

Wm. Pierson was declared the nominee of the Convention for Short Term Commissioner.

Under nominations for Sheriff, C. C. Powning placed in nomination W. H. Caughlin. Mr. Caughlin was elected by acclamation.

For County Clerk, C. O. Porter nominated General Orlando Evans.

Hon. H. L. Fish nominated Wm. K. Fogg.

Hon. H. H. Beck nominated H. W. Higgins.

Robert Ash nominated J. J. Campbell.

Four ballots were taken before any candidate received the necessary number of votes, H. W. Higgins receiving 48 votes was declared the nominee of the Convention for County Clerk.

The Convention then adjourned until 7 o'clock in the evening.

EVENING SESSION.

The Convention was called to order by Chairman Fish at 7 p. m. Nominations for County Treasurer were declared in order.

C. C. Sessions nominated Dan Boyd.

C. W. Borton nominated A. A. Evans.

In the ballot Boyd received 51 votes, Evans 39.

D. B. Boyd was therefore declared the nominee of the Convention for County Treasurer.

For Recorder, C. W. Borton placed in nomination W. H. Young.

C. A. Bragg nominated J. B. Daugherty.

Hon. H. H. Beck nominated M. D. Massey of Wadsworth.

Hon. Wm. Thompson nominated George Cutting.

Three ballots were taken before any candidate received a majority of the votes cast.

W. H. Young receiving 47 votes in the third ballot was declared the nominee of the Convention for County Recorder.

For County Assessor, C. W. Borton placed in nomination A. G. Fletcher.

On motion Mr. Fletcher was declared the nominee of the Convention for Assessor by acclamation.

For County Surveyor Dr. J. A. Lewis placed in nomination E. D. Monroe.

C. D. Van Duzer placed in nomination F. H. Norcross.

In the ballot—Mr. Norcross received 79 votes and Mr. Monroe 11.

Mr. Norcross was declared the nominee of the Convention for County Surveyor.

Nominations for District Attorney being in order, A. L. Linn placed in nomination T. V. Julien.

On motion Mr. Julien was made the nominee of the Convention by acclamation.

Nominations for Public Administrator and ex-officio Coroner being in order, J. Beltz placed in nomination J. V. Peers who was elected by acclamation.

This completing the order of business before the Convention it was formally adjourned.

RENO PRECINCT.

Chairman Fish, immediately at the close of the County Convention, called the delegates from Reno Precinct to order. The following is a list of the nominees for Township offices:

For Justice of the Peace, J. J. Linn.

For Constable, S. W. Upson.

For School Trustee, long term, S. M. Jamison.

For School Trustee, short term, William Pinniger.

AUSTIN'S FAD.

It is Lots of Fun But is Heavy on the Boys' Pockets.

Austin, Nevada, has introduced a new feature in a church festival at that place.

While it increases the proceeds to the church very materially it has an awful effect in depleting the pockets of the young men.

Is called a kissing pop, and was instituted in this manner. A number of young ladies desirous of doing something for the good cause hit upon the happy expedient of each presiding at a kissing table, where the young men were allowed to taste the nectar of their cherry lips at a fee of 25 cents. It was a complete success. When the evening arrived the young men were a little slow at first to catch on, but speedily began to make up for lost time. In less than half an hour nine out of every ten were bankrupt. To watch their more fortunate brethren was too much, and forthwith they began to borrow until there was no one left willing to lend. Swapping followed, and several of the young lotharios of Austin were discovered in the ante-room trying to trade their effects, from shoestring to hat inclusive, for cash. One young man is reported to have traded off a necessary part of his wardrobe for a half dollar and found when too late that he was not in a condition to appear in the procession. The kissing pop was a financial success, so far as the festival was concerned.

Consuming Lots of Wood.

From the Truckee Republican.

Just now the Railroad Company is consuming lots of wood. All of the freight engines on the Sacramento division, except four or five, are burning wood. There are five regular freight trains each way daily, requiring the services of twenty engines. These consume fifteen cords of wood on an average, making 300 cords daily. Besides the regular trains there are numerous specials, work trains, water trains and switch engines, all of which burn wood. Hence it is estimated that 500 cords of wood are burned daily, or during the year at the same rate of consumption 182,500 cords of wood go into smoke and ashes. This is a big pile of wood and if piled in a single tier four feet high would stretch along the railroad track a distance of nearly 430 miles. Three tiers four feet high would reach the whole length of the Sacramento Division and leave enough wood over to kindle quite a fire with.

TAKE ADVANTAGE

—OF—

OUR GREAT PREMIUM SALE,

India's Railway Tunnel.

An article in The Allahabad Pioneer gives some interesting particulars concerning the tunnel that has just been completed through the Khojak, on the railroad from Quetta to Candahar. The Khojak pass is 7,500 feet above the sea and about 2,000 feet above the level of the surrounding country. The tunnel pierces the range at right angles, and its course is therefore due east and west, and it enters the hill about 1,000 feet below the crest of the pass. The length of the tunnel is 13,600 feet, or two and a half miles approximately, and it will carry a doubleline of rails. For the first half the floor ascends about 1 in 1,000, and for the second half of the journey it descends at an incline of 1 in 40. There are two main shafts, one 813 feet and the other 290 feet deep, which were sunk in order to facilitate the construction of the tunnel.

The chief obstacle to progress arose from the flooding of the tunnel at more than one point. A large spring was cut, and the water flooded the shaft on the Candahar side to the depth of 180 feet. It took ten weeks to pump out the water, and in the western heading as much as 500 gallons a minute were constantly rushing out of the west mouth. In order to overcome this difficulty a side cutting had to be made. The magnitude of the work is testified to by the banks of shale and rock at the mouths of the tunnel and at the pitheads, which are said to be quite altering the landscape in places. One curious discovery made during the progress of the work, as the result of an investigation into the cause of certain mysterious explosions, was that it was proved that "combustion had arisen inside a case of blasting gelatine."

Another Drug Abomination to Be Avoided.

Exalgine is the name of a new drug similar in composition to antipyrin and antifebrin, which has lately been the object of much laudation for its energy as a pain killer. Neuralgias of all kinds, wherever located, are generally dispelled by its use in about half an hour at the outside. Frequently the pain does not return, and the cure is permanent, but sometimes there may be a relapse and further doses are necessary. Exalgine, however, has been engaging the attention of Dr. Bardet and Dr. Dujardin-Beaumetz, two French physicians who have been making an investigation into the therapeutic qualities of this substance. While they agree as to the activity of the drug in destroying pain, the doctors are equally unanimous in their opinion as to the danger of its use. The new pain killer is a powerful poison as well as a sedative, and its action affects the brain, giving rise to violent convulsions like those of epilepsy. The moral of the findings of MM. Bardet and Dujardin-Beaumetz is that it is better to endure pain than to resort to the use of so dangerous a drug to assuage it.—Journal of Health.

A New Clock for Race Courses.

R. M. Johnson, sheriff of Keokuk county, Ia., has invented and patented a horse timer which he believes will become very popular on race courses. The dial is about three feet in diameter, and its divisions and subdivisions are marked with sufficient distinctness to be seen from any part of the ordinary grand stand. The markings divide the circumference of the dial into minutes, seconds, half seconds, quarter seconds, eighth seconds and sixteenth seconds. The hands may be stopped or started instantaneously by touching a button at the back of the case. The minute hand makes one revolution in twelve minutes, and the second hand makes a revolution in one minute. Both may be turned to the starting point instantly and easily. The escapement is a half second beat.—Jewellers Weekly.

An Electric Storm.

Dubuque, Ia., has been treated to a great electrical storm, which was not attended by loss of life, though telegraph and telephone instruments were burned out and some damage was done to property. It is quite probable that the electric wires helped to protect the people from a storm of unusual violence. The great balls of fire that are reported to have exploded, doing no damage, have been observed before. Sometimes they are harmless, but more frequently they kill. As many as eight men have been killed at one stroke, and so instantaneously that their dead bodies have remained in the attitude of life.—New Orleans Picayune.

A Needle in the Bone.

A dispatch from British Columbia says that Miss Kelly, of New Westminster, imagined she broke her leg by a sudden movement of the limb. Doctors were called in and could discover no break, but decided to open an abscess which had developed near the supposed break. On an incision being made a large sized darning needle was found, the point of which penetrated the bone. The needle was removed and the young lady is rapidly recovering. She has been lame since childhood, and it is supposed the needle entered her foot then and gradually worked up to where it was found.

While drawing water from a well a Perry (Ga.) boy pulled out a monster that resembled an alligator very much. It had every resemblance of a young gator, except it had a smooth skin and is spotted like a rattlesnake and measures seven inches in length. He now has this wonderful monster in a large tin vessel, which he keeps supplied with fresh water, and says the monster will eat bread or anything that he may put in there for it to eat.

The sun's rays reflected from some bright tin pans put out to dry set fire to a house in South Fairfield, Mich. It happened that they were so placed that reflection from each pan focused on the same spot.

The centenary of a flower has just been celebrated by a banquet in Paris. The dahlia is just 100 years old in France. It first flourished in that country in 1790.

MISCELLANEOUS.

DEMOCRATIC STATE TICKET OF NEVADA.

For Governor,
THEODORE WINTERS,
Of Washoe.

NOTICE.

I HAVE THIS DAY SOLD TO A. H. MANNING my plumbing tools, business and stock in trade, and would most respectfully recommend my friends and patrons to him, as I can assure them that all work entrusted to him will give satisfaction and be guaranteed, as he has nothing but first-class plumbers and tinners in his employ.

N. E. JAKUBS,

Reno, September 13, 1890.

INSURANCE.

THE MANHATTAN Insurance Company.

Assets, \$12,000,000.

The history of the past has proven beyond a question that an endowment policy in a life insurance company is a much

BETTER INVESTMENT

Than a savings bank; FIRST, because it is very much safer—as the law of the State of New York requires every life insurance company to keep a

Reserve in First-Class Securities

Equal to its liabilities, dollar for dollar; SECOND, in case of death while making these small deposits, the life insurance company will pay, just when most needed by the family, the

Full Amount

Of the sum insured, amounting to 10, 20, or even 30 times as much as has been deposited; or on the

Return Premium

Plan of the MANHATTAN, they would do even more than this, for they would at death pay the face of the policy and in addition all the deposits (premiums) paid, while the savings bank would only return the amounts actually deposited with interest. Who would not purchase a valuable piece of property—a farm for example—worth \$10,000, if he could have twenty years to pay for it, in small sums of \$300 per annum with interest on deferred payments and without any tax on it? The \$300 per year being only 3 per cent of the \$10,000—a sum not much greater than that paid annually for taxes on property in hand, of the same cost, and especially if he could have the further conditions specially stated in the contract, 1st, that if he dies while making these payments—even after one only has been made—

No Further Payments Shall be Required

And the full title in fee simple to the entire farm shall at once be given to his family; and 2d, that if at any time after the three years during the twenty years he shall be unable to continue the payments and from sickness or any misfortune, that then he could discontinue any further payments and have in fee simple such portions of the farm as he has paid for; thus, if one-fourth of the payments had been made, he would own one separate fourth of the farm, etc., and at the same time the farm be entirely free from all claims of creditors, under all circumstances, not even to be reached by writ of execution or attachment issued by any court, while if living to the end of the twenty years and the annual payments have been made, the

Entire Property in Fee Simple

Is secured. Now the MANHATTAN LIFE INSURANCE COMPANY offers all this and more, for instead of offering LAND on these terms, which is often eaten up by legal expenses and fees in case of the death of the purchaser, or swallowed up by a mortgage given to secure deferred payments, thus losing the whole amount paid in and leaving the family destitute, or dependent, it offers a

Specific Bond Secured by Millions of First-Class Securities.

Agreeing to pay MONEY on the same terms and conditions as above—the cost per year varying at different ages, but otherwise substantially the same terms as above stated, while the sum to be paid at the end of twenty years will be increased by dividends and compounded interest for the full term, thus making the investment a very PROFITABLE and ADVANTAGEOUS one.

Inquiries concerning the bonds of this company will receive prompt reply if addressed to

Of Douglas.

SHORT TERM,
A. H. MANNING,
Of Washoe.

UNEXPIRED TERM,
L. A. BLAKESLEE,
Of Humboldt.

PLATFORM AND RESOLUTIONS

Adopted by the Republican State Convention held at Virginia City, Nevada, September 4, 1890:

The record of the Republican party is its best platform.

No political party in human history has taken such advanced positions for the equality of races, none has so well established its administration of authority to the needs of business, none has so managed the affairs of the State as to encourage the development of a content, none has so elevated a nation and so contributed to the happiness of man, none has so honestly and economically carried on the routine duties of office.

In all things it has been the direct opposite of the Democratic party. Grand in its ambitions and impulses, firm and resolute in its consistency, strong in its devotion to principle, it is now, as it has been from birth, the representative of all that is noblest and best in its own country and hope and promise of a better future for the human race.

Its battles for human rights, its preservation of the Union, its abolition of slavery, its protection to labor, its elevation of manufacturers, its upholding of the National credit, its efforts in behalf of honest financial methods, its honest system, and its devotion to popular education have made it the most successful of all political organizations this or any other country ever had.

The names of its heroes are legion, and the deeds of Freedom, Lincoln, Grant and Garfield will shine like electric lights on the pages of history.

The Republicans of Nevada, in convention assembled, heartily endorse the acts of the Fifty-first Congress, which has made greater advances in correct and needed legislation than any since the war.

It had, by a strictly party vote, placed the silver question that will lead naturally to free coinage and dismember all opposition among financiers.

It has taken up the work of a reorganization of

the tariff in a patriotic and business like way, such as will protect the interests of labor and at the same time encourage capital to enterprising that will furnish it with employment at good wages.

New States which were denied their rights before have been admitted to the Union, and the grip of Tammany Hall upon the Government has been broken up and made to obey the laws of honest commerce.

Efforts are being made to prevent or punish frauds and intimidations in elections.

A navy has been provided for and suitable pensions granted to prevent suffering among the sick and wounded heroes of the war.

Provision is being made for the reclamation of the arid regions, where the Republican policy of free homes and free schools can be extended.

Disputed land grants are being restored to the public domain and the land thrown open to settlement, and in all things the pledges of the National platform are being amply redeemed.

We endorse the Administration of President Harrison and commend his conservative course as striking in contrast with his predecessors in office.

During the former Administration silver and wheat touched the lowest prices ever known, and farmers burned their corn for fuel. Trusts were stimulated, finances disarranged, strikes prevailed, the mail service was demoralized and business almost at a standstill.

By the methods of the Government, whose whole business should be to benefit the country.

To-day silver, wheat and all the products of labor are rapidly rising, and while the Democratic officials may perhaps be innocent of intentionally destroying our prosperity they are culpable for the results of blunders as they would be for crimes.

Under the Chinese and contract labor are kept out of the country, and the laborer and mechanic, motivated against him, is encouraged by a departure from the honest and patriotic policy of the Republican party.

We pledge our nominees to a system of State improvement which shall have the water made available to the farmer and the miner, and the use of silver as money, and reform our unrepresentative demand for the free coinage of both gold and silver, and their equal status in our National currency.

Whereas, The practice of letting mail contracts in this State to non residents thereof, who seek to establish on a speculative basis the use of silver as money, and reform our unrepresentative demand for the free coinage of both gold and silver, and their equal status in our National currency.

We are in favor of the improvement of the wages of American labor by restricting immigration from foreign countries, a thorough revision of our naturalization and land laws, the construction of naval and coast defenses, the fostering of free schools and popular education, the enforcement of a free tariff and a fair count, cherishing the defenders of our country, the protection of every citizen at home and abroad, the fostering of a policy that will extend our commerce, the settling of all foreign complications by arbitration, and liberal appropriations by Congress for the construction of water reservoirs and a system of irrigation.

Resolved, That we are in favor of the Australian system of ballot.

Resolved, That as the coming election the question as to whether or not a Constitutional Convention will be held is to be submitted to the people, that we earnestly invite a calm and thorough discussion of the question during the campaign.

Resolved, That it is the policy of the Republican party of Nevada to secure all safe and possible improvements in public affairs, and especially in dispensing with unnecessary offices and use of a lot of money in adjusting salaries upon a basis of a few performers, decreasing the per diem and mileage and shortening the session and lessening the number of members of the Legislature, the reduction of taxation and in consolidating county offices and diminishing county expenses, and to this end we pledge the nominees of the convention and earnestly ask that the nominees of the several county conventions be likewise elected.

REPUBLICAN MEETINGS!

Campaign of 1890!

HON. R. K. COLCOLD,

Republican Candidate for Governor, and

HON. JAS. A. STEPHENS,
